

Available Pin Configurations

3 Pins at 180°	4 Pins at 210°	5 Pins at 180°	5 Pins at 240°	6 Pins at 240°	7 Pins at 270°	8 Pins at 270°
71200-030	Discontinued	71200-050	71200-150	71200-060	71200-070	71200-080

Power Rating/contact: 3A/34V (peak/current steady load)

Contact Resistance: Contact spring-pin <10mOhm
Ground clip-metal <30mOhm

Dielectric Strength: 500V RMS (1 minute, contact/contact, contact/ground).

* These connectors are not to be used in power line applications and do not meet VDE spec for that purpose.

Operating Temp. Range: -13F/+158F @ 75% relative humidity.

• **Materials Used (standard versions)**

Contacts: Brass

Surface: 120 micro-inches tin plating
over 80 micro-inches nickel.

Other plating thicknesses & Materials available on request.

Plastic inserts (wafer): Ultramid A3

Series 71200
