Driver and Configuration

- This MSR module has the same drivers and configuration possibilities as our MCI USB keyboard series.
- The factory default configuration is ready for OPOS usage. You can change this to your demands using the latest WinProgrammer.
- Further information as well as the associated software can be downloaded from http://www.prehkeytec.com ➔ Support ➔ Keyboards.

ATTENTION
Observe Precautions for Handling Electrostatic Sensitive Devices

The materials used for this module are listed by Underwriters Laboratories (UL).
By assembling of modules to the MCI 15 touchscreen, the whole equipment is not covered by the UL-certification anymore!
